

In response to your inquiry into the omission of disbursements that were previously listed on our April Quarterly and not disclosed on the amended report. The sum of \$33,363.63 was removed from the amended report because of an error in reading invoices from our Lobbyist Barbara Max Brocato and Associates.

We received an invoice from Barbara that was for \$3,363.63. This was incorrectly recorded as \$33,363.63 on the report. In addition, the invoice was for a period not covered by the April Quarterly report. The figure was changed on the amended report to reflect the correct amounts owed for the reporting period.
